Plan submitted by Small Scale Industries Department

6465. SHRI V. HANUMANTHA RAO: Will the PRIME MINISTER be pleased to state:

(a) whether the Small Scale Industries Department has submitted a plan to Government to devise new instruments of credit;

(b) if so, the details of this plan;

(c) and (d) The representations received from the small scale units and their associations reveal that timely availability of adequate credit continues to be an area of concern. To examine the issue of adequacy of institutional credit to the SSI sector, the RBI had constituted a Committee under the Chairmanship of Shri P.R. Nayak, the then Deputy

Governor of RBI in December, 1991. The Committee has already submitted its report and necessary guidelines have been issued by the RBI to the banks.

Some of the major guidelines in this regard include making available working capital to the small scale industries computed on the basis of a minimum of 20% of their projected annual turnover, operation of single window scheme covering both term loan and working capital by Small Industries Development Bank of India and opening of specialised bank branches in the areas where SSI units are in sizeable concentration. For improving the flow of credit to this sector, the Finance Minister in his Budget speech for 1995-96, has also announced a seven point action plan.
